

JAMES JAEHOON LEE

Northwestern University Libraries
1970 Campus Drive
Evanston, Illinois 60208
Email: jmslee@northwestern.edu

EDUCATION

Ph.D. University of California, Berkeley: English, 2012
B.A. Cornell University: English (Major) / Biology (Concentration), 2004
Summa cum Laude, with Distinction in All Subjects, Phi Beta Kappa

ACADEMIC EMPLOYMENT

Academic Leadership:

Associate University Librarian for Academic Innovation
Northwestern University, 2023 - Present
Associate Vice Provost for Digital Scholarship
University of Cincinnati, 2019 – 2023
Director, AI for All Lab (Digital Futures Initiative, Interdisciplinary Data Science)
University of Cincinnati, 2018 - 2023
Director, Digital Scholarship Center (A UC Libraries / College of Arts and Sciences Joint Venture)
University of Cincinnati, 2016 – 2023
Associate Dean of Research, University Libraries
University of Cincinnati, 2019 - 2021

Faculty Appointments:

Associate Professor, Medill School of Journalism, Media, and Integrated Marketing Communications (Tenured)
Northwestern University, 2023 – Present
Associate Professor of Biomedical Informatics
University of Cincinnati, 2019 - 2023
Associate Professor of Digital Humanities (Tenured)
University of Cincinnati, 2019 - 2023
Assistant Professor of Digital Humanities (Tenure-track)
University of Cincinnati, 2016 - 2019
Assistant Professor of English and East Asian Studies (Tenure-track)
Grinnell College, Department of English, 2012-2016

EXTRAMURAL GRANTS AND AWARDS (funding over \$100,000 highlighted)

Extramural Funding:

Andrew W. Mellon Foundation, “Environmental Impact Statements: A Public Archive Digitization Project”
(Principal Investigator, \$500,000), 2026-2027
Institute for Museum and Library Services, “Shaping the Conversation: Enriching Collection Access and Use with Generative AI”
(PI, \$458,000), 2024-26
Andrew W. Mellon Foundation, “A Digital History of the Anthropocene across Text and Film Archives”
(PI, \$100,000), 2023-2026
Andrew W. Mellon Foundation, “Computable Archives”
(PI, \$777,804), 2020-2024
National Science Foundation, Major Research Instrumentation Grant
(Co-PI, \$857,000), 2020-2024
Andrew W. Mellon Foundation, “A Catalyst Model for Transdisciplinary Teams in Digital Scholarship”
(PI, \$900,000), 2018-2020
Andrew W. Mellon Foundation, “Digital Bridges for Humanistic Inquiry”
(Co-PI, \$1.6M), 2014-18

PEER-REVIEWED PUBLICATIONS

Books:

1. *Shakespeare in the News: Network Science and a New History of Journalism from Elizabeth I to Digital Platforms*

Forthcoming, London: Routledge (2026)

2. *Social Media and Digital Politics: Networked Reason in an Age of Digital Emotion*

With Jeffrey Layne Blevins

London: Routledge (2025)

3. *Social Media, Social Justice, and the Political Economy of Online Networks*

With Jeffrey Layne Blevins

Cincinnati: University of Cincinnati Press (2021)

Winner, Next Generation ebook Nonfiction, Indie Book Award Prize, 2023.

4. *The Two-Soul'd Animal: Early Modern Literatures of the Classical and Christian Souls*

Chicago: Northwestern University Press (2019)

Journal Articles:

1. "From Headlines to Hubs: The Network Architecture of Journalism in the COVID-19 Crisis"

Harvard Data Science Review, Forthcoming (2026)

2. "Extracting New Meaning from Scientific Abstracts: Combining Linguistic Analysis and Text Clustering Algorithms to Gain New Insights"

Danny T.Y. Wu, Lindsay C. Nickels, Sally Luken, Hoang Vu, Ezra Edgerton, James Jaehoon Lee (as PI)

Journal of Medical Internet Research (JMIR), Forthcoming (2026)

3. "Strong Ties, Weak Ties, and Bad Ties in Antitrust Caselaw"

Felix B. Chang and James Jaehoon Lee (as PI)

Stanford Journal of Law, Economics, and Business 30.1 (2025)

4. "Defining Diagnostic Uncertainty as a Discourse Type: A Transdisciplinary Approach to Analyzing Clinical Narratives of Electronic Health Records (EHR)"

Lindsay C. Nickels, Trisha L. Marshall, Ezra Edgerton, Patrick W. Brady, Philip A. Hagedorn, James J. Lee (as PI)

Applied Linguistics (April 2023)

5. "Developing a Machine Learning Model to Detect Diagnostic Uncertainty in Clinical Documentation"

Trisha L. Marshall, Lindsay C. Nickels, Patrick W. Brady, Ezra Edgerton, James J. Lee, Philip A. Hagedorn (as joint-PI)

Journal of Hospital Medicine, 18.5 (2023)

6. "Using Health Forum Data to Assess User Needs for mHealth App Development: A Feasibility Study on Alzheimer's Disease."

Danny T.Y. Wu, Shwetha Bindhu, Hoang Vu, Shuai Mu, Catherine Xu, Somya Pandey, Brett Harnett, James J. Lee (as PI)

American Medical Informatics Association: Proceedings of the Joint Summits for Translational Science (2023): 562-71.

7. "Digital Caselaw Archives and Natural Language Processing"

Felix B. Chang, Erin E. McCabe, Zhaowei Ren, Joshua Beckelhimer, James J. Lee (as PI)

Nevada Law Journal, 22.2 (2022)

8. "Networked Drag: A Digital Refashioning of Shakespearean Gender Subversion"

Erik Simpson, Lana Sabb, Hannah Brown, Margaret Shortell, James Jaehoon Lee (as PI)

Digital Humanities Quarterly, 16.3 (2022)

9. "Toward Curbing a Different Form of Misinformation: Exposing Black-Box Machine Learning Algorithm Misclassification and Using Qualitative Methods to Improve Pipelines for Identifying Adherence Typologies."
Jacinda K. Dariotis, Danny T.Y. Wu, Ezra Edgerton, James Lee, Lindsay Nickels
Society for Prevention Research Annual Proceedings (2022)

10. "Shouting into the Wind: Medical Science versus 'BS' in the Twitter Maelstrom of Politics and Misinformation about Hydroxychloroquine"
Jeffrey Blevins, Ezra Edgerton, Don Jason, James Jaehoon Lee (as PI)
Social Media and Society, 7.2 (Summer 2021)

11. "Doctrinal Implications of Computational Antitrust"
Felix B. Chang, Erin E. McCabe, Zhaowei Ren, Joshua Beckelhimer, James J. Lee (as PI)
Stanford Journal of Computational Antitrust (2021)

12. "Close Listening and Synesthetic Reading Across Multiple Poetry Archives: Tracking the Performative Afterlives of a Poem"
Intérférences Littéraires, 25 (Fall 2021)

13. "Feature Extraction and Visualization of Respiratory Therapy Notes for Pediatric Long-Term Ventilator Dependent Patients"
Nathan M. Pajor, Lindsay Nickels, Ezra Edgerton, Danny T.Y. Wu, Dan T. Benscoter, James J. Lee (as PI)
IEEE Workshop on Visual Analytics (November 2021)

14. "A User-Centered Evaluation of a COVID-19 Intelligent Query System (COVID-IQS)
Danny T.Y. Wu, Fangyu Zhou, Wu-Chen Su, Hoang Vu, Piyush Sahu, Brett Harnett, Tseng-Ping Chiu, Craig Vogel, James J Lee (as PI)
Proceedings of the International Medical Informatics Association (Medinfo), (2021)

15. "Convergence in Viral Epidemic Research: Using Natural Language Processing to Define Network Bridges in the Bench-Bedside-Population Paradigm"
Margaret V. Powers-Fletcher, Erin McCabe, Sally Luken, Danny Wu, Philip A. Hagedorn, Ezra Edgerton, Amy Koshoffer, Dorcas Washington, Suraj Kannayagari, Jason Lee, Jennifer Latessa, Anita Shah, and James Jaehoon Lee (as PI)
Harvard Data Science Review, 3.1 (Winter 2021)

16. "Digital Archives as a Geological Record"
Public Books, (April 2021)

17. "A Network Analysis of Postwar American Poetry in the Age of Digital Audio Archives"
Ankit Basnet and James Lee (as PI)
Post-45 x Cultural Analytics, Issue 7 (2021).

18. "Data-informed Tools for Archaeological Reflexivity: Examining the Substance of Bone through a Meta Analysis of Academic Texts"
Sarah E Jackson, Caleigh E Richissin, Erin E McCabe, James Jaehoon Lee (as PI)
Internet Archaeology, 55 (2020)

19. "Anthropocene and Empire: Discourse Networks of the Human Record"
James Jaehoon Lee and Joshua Beckelhimer
PMLA, 135.1 (2020)

20. "Retrieving Scientific Abstracts using Venue- and Concept-based Approaches: CincyMedIR at TREC 2019 Precision Medicine Track"
Danny TY Wu, Wu-Chen Su, and James Lee (as Principal Investigator)
Proceedings of the Text Retrieval Conference (TREC), National Institute of Standards and Technology (2019)

21. "Curatorial Groupware: Designing Collaborative Curation Tools for Public Exhibition of Community-Built Archives"

Matthew Wizinsky, Neha Mann, James Lee, Johnathan Avant, Erin McCabe, and Gifty Arthur.
Proceedings of the International Association of Societies of Design Research Conference (IASDR), 2019.

22. "Tweeting for Social Justice in #Ferguson: Affective Discourse in Twitter Hashtags"

Jeffrey Layne Blevins, James Lee, Ezra Edgerton and Erin McCabe
New Media and Society (Feb. 2019).

23. "Epic Social Networks and Eve's Centrality in Milton's *Paradise Lost*"

Claire Ruegg and James Lee (as Principal Investigator)
Digital Scholarship in the Humanities (Literary and Linguistic Computing), (Feb. 2019).

24. "Embracing Semantic Ambiguity to Enhance Interpretability of Complex Unstructured Machine Learning Problems"

James Lee, Xuemao Wang, and Arlene Johnson
Proceedings of the Association for Information Science and Technology (ASIS&T) 55.1 (2018).

25. "Linked Reading: Digital Historicism and Early Modern Discourses of Race around Shakespeare's *Othello*"

James Lee, Blaine Greteman, Jason Lee, and David Eichmann
Cultural Analytics (January 2018).

26. "Shakespeare's Social Network; or Why All the World's a Stage"

James J. Lee and Jason Lee
Digital Humanities Quarterly 11.2 (2017).

27. "John Donne and the Textuality of the Two Souls"

Studies in Philology 113.4 (Fall 2016): 879-918.

28. "*Ethopoiesis*: Foucault's Late Ethics and the Sublime Body"

New Literary History 44.1 (2013): 179-198.

29. "Immunolocalization of Fibroblast Growth Factor Receptors 1 & 2 in Mouse Palate Development"

S. Lee, C.A. Crisera, S. Erfani, T.S. Maldonado, J.J. Lee, S.L. Alkasab, and M.T. Longaker
Plastic and Reconstructive Surgery 107.7 (2001): 1776-84.

Public Engagement Publications:

"Gaming the Twitter System: Lessons from the 2016 Presidential Election"

Jeffrey Layne Blevins and James Jaehoon Lee
Pando Daily, September 8, 2020

Book Translations:

Hanbok: Korean Traditional Attire

Jun Hee Kwon, translated and edited by James Lee, Kisook Suh, and Isabel Kim
New York: The Korea Foundation, 2012.

PRESENTATIONS AND INVITED LECTURES

AI for Libraries, Archives, and Museums (AI4LAM), "Cultural Archives as Climate Sensors" (December 2025)

Coalition of Networked Information (CNI), "Introducing the First Generative AI Library Search for Academic Collections" (April 2025)

“Northwestern Data Library: AI/ML Research on Unstructured Health Data,” Invited Talk, Feinberg School of Medicine Academy of Medical Educators (FAME), April 2024.

“AI Disinformation Forces a New Role for the News,” Invited Talk, A Day with Northwestern, April 2024.

“Worth a Thousand Words: The Promise of Natural Language Processing as a Tool for Assessing Learner Readiness for Residency,” Central Group on Educational Affairs, Association of American Medical Colleges, August 2022. Winner, First Place Poster.

“Digital Humanities and Climate History,” University of Montpellier III-Paul Valery, July 2022.

“Model of Models: A Catalyst Model for Digital Scholarship using Machine Learning across Disciplines,” LIBER International Conference, Odense Denmark, July 2022.

“Next Generation Machine Learning: The Evolution of the Library as Research Partner, Project Catalyst and Digital Integrator,” Coalition for Networked Information, December 2020.

“Rapid Research Response to the COVID-19 Pandemic at the University of Cincinnati,” Association of Academic Health Centers 2020 Meeting, December 2020.

“Sentiment Analysis 2.0,” Data Science Symposium, Center for Business Analytics, University of Cincinnati Lindner College of Business, September 2020.

“Leading and Enabling Enterprise Transdisciplinary Digital Scholarship and Digital Research Integration,” Critical Roles for Research Libraries in Today’s Research Enterprise Colloquium, December 2019.

“Text Mining across Disciplines,” The Collaboration Network, University of Cincinnati College of Medicine, November 2019.

“Digital Scholarship and Data Science,” Institute for Interdisciplinary Data Science, University of Cincinnati, April 2019.

“Data Visualization,” Division of Clinical Psychology, Cincinnati Children’s Hospital and Medical Center, February 2019.

“Social Media, Social Justice and the Political Economy of Online Networks,” American Historical Association January 2019.

“Digital Scholarship as a Catalyst: Translating the Humanities to STEM Fields,” University of Ottawa, November 2018.

“Anthropocene and Empire,” Department of Geography Research Series, University of Cincinnati, November 2018.

“From Service to Partnership: the Role of Library Digital Scholarship Centers in Academic Research,” Shanghai International Library Forum, October 2018.

“Digital Scholarship and the Promise of Data across Disciplines” (with Xuemao Wang), International Federation of Library Associations (IFLA), Kuala Lumpur (August 2018)

“Digital Scholarship and the Future of the Liberal Arts,” Andrew W. Mellon Foundation Digital Bridges Symposium (August 2018)

“Text Mining and Clinical Research,” Hospital Medicine Research Forum, Cincinnati Children’s Hospital and Medical Center (April 2018)

“Building and Sustaining Transdisciplinary Teams,” Research and Innovation Week, University of Cincinnati (April 2018)

“Text Mining across Disciplines,” Biomedical Informatics Research Colloquium, Cincinnati Children’s Hospital and Medical Center (April 2018)

“Close Listening and Synesthetic Reading Across Multiple Poetry Archives: Tracking the Performative Afterlives of a Poem” (with Arlene Johnson), Alliance of Digital Humanities Organizations (ADHO) Conference, Montreal, CA (Fall 2017)

“Shakespeare’s *Othello* and a New Model for the Digital Humanities,” UC Berkeley, Departments of English and Art History (Spring 2017)

“Data Visualization across Disciplines,” Data Day Faculty Presentation, University of Cincinnati (Spring 2017)

“Data Visualization and Social Justice,” Digital Humanities Workshop, University of Cincinnati (Fall 2016)

“A Digital History of Race before Empire,” Digital Humanities Speaker Series, University of Cincinnati (Fall 2016)

“Digital Humanities and Intellectual Moonshots,” Dean’s Advisory Council, University of Cincinnati (Fall 2016)

“A Hybrid Model: Digital Humanities vs. Digital Scholarship,” University of Cincinnati Libraries (Fall 2016)

“Linked Reading,” Digital Humanities Summer Institute Colloquium, University of Victoria (Summer 2016)

“Mapping a Global Renaissance with 53,829 Texts,” HASTAC Conference, Arizona State University (Spring 2016)

Invited Panelist, “Linked Reading and Bridging Unstructured Datasets,” Craft Critique Culture Conference, University of Iowa (Spring 2016)

Invited Speaker, “Mapping a Global Renaissance,” Grinnell College Faculty Colloquium (Spring 2016)

Invited Speaker, “The Digital Humanities and the Liberal Arts College,” Department of French, Wellesley College (Fall 2015)

Invited Speaker, “Linked Reading: A Scalable Model for the Digital Humanities,” Andrew W. Mellon Foundation Digital Bridges Summer Institute, Grinnell College / University of Iowa (Summer 2015)

Invited Speaker, “Scalable Reading vs. Macroanalysis,” Graduate Seminar, Department of Classics, University of Iowa (Spring 2014)

Invited Panelist, Digital Humanities Workshop, Digital Studio for the Public Humanities, University of Iowa (2014)

Invited Speaker, “Wonder and the Scientific Method,” Faulconer Gallery and the Center for the Humanities, Grinnell College (2013)

Invited Speaker, “Renaissance 'Big Data': The Commonplace Book, or How Collecting Data Changes Who You Are,” Iowa Humanities Festival (2013)

Invited Panelist, “Digital Humanities in the Liberal Arts College” Workshop, Carleton College (2012)

“‘Bifold Discourse’: On Shakespearean Irony and the Monstrous Body,” Monstrosity and Humanity Conference, DeMontfort University, UK (2011)

“‘Lear’s Naught’: Human Value and the Making of a Renaissance Sign,” Pacific Ancient and Modern Language Association Conference (2011)

“Michael Drayton’s Archaeological Poetics,” Northern California Renaissance Conference (2009)

“Milton, the Sense of Touch, and Social Order,” Guest Lecturer for English literature survey course, Professor Janet Adelman (2008)

“*Autopoiesis*: Ethics and the Sublime Body,” UC Berkeley Department of English Graduate Colloquium (2008)

“Ethical Impossibility: Derrida, Kierkegaard, Levinas,” Berkeley-Stanford English Literature Conference (2006)

Respondent to the “Technologies of Identity” Panel, Berkeley-Stanford Literature Conference (2006)

“Characterization of BK Channel β -Subunits in Adrenal and Pituitary Cells”
Presented at the HHMI/Cornell Hughes Scholars Program, 2003

“The Ontogeny of the Morphogen *Sonic Hedgehog* in Murine Palatogenesis”
2000 Intel Science Talent Search Semifinalist Symposium
New York St. Johns Junior Science and Humanities Symposium Seminar

“*In vitro* inhibition of Palatal Fusion With Antisense Oligonucleotides for Transforming Growth Factor Beta Receptors 1 and 2”
Presented at the American College of Surgeons Clinical Congress, 2000
